

Foundation Class Curriculum Information

EYFS Sports Afternoon 2.00pm Tuesday 26th June – all are welcome.

We have had a few leaking water bottles over the last couple of weeks. Please can you make sure that your daughter's water bottle does not leak even when turned upside down!

Please can you check at home to see if you have a dinner pinny aged 7-8 years – we have one missing in Foundation Class.

- For our topic this week we will continue to look at different ways of travelling to our holiday destinations and create models of different forms of transport, looking closely at pictures in books and on the computer to observe shapes.
- Healthy Schools Week. The girls will continue their focus on looking at how to stay healthy this term during our circle time activities. This week we will be talking about how exercise can affect our bodies.
- In Maths we will be focusing on looking at time by sequencing events. The girls will be encouraged to use language such as then, next, after that to describe a typical school day.
- In Literacy the girls will be writing letters to match the letter sounds and singing the alphabet song to say letter names.
- We will have our weekly visit to the Spinney; this week the girls will have the opportunity to create dens out of natural materials.

Sounds Home Book: (Older girls)

- We have completed all 26 letter sounds of the alphabet. Please encourage your daughter to regularly practise these sounds.
