

Foundation Class

As part of our topic Is it shiny? we will be investigating what happens when we use a vinegar and salt mixture to clean tarnished copper coins.

Foil writing – we will make marks, such as letters, numbers and patterns, using pens, pencils and other tools.

Focus letter sound for the week is 'g'.

Please could your daughter bring in one small item from home that begins with the sound so that we can discuss and share it together in class during our phonics session on Monday.

Maths: Focus number is '9'

More Maths - we will be learning to compare two groups of objects, saying when they have the same number. We will also begin to use the language of comparison – 'more', 'less', 'the same'.

Cooking

Foundation and Reception will start cooking in small groups on Wednesday afternoons.

We will be making firework biscuits.

Expressive art & design

We will be making wind spinners by decorating CDs using sequins and other shiny materials.

We will then decide where to hang them so they can sparkle!

On-going

Spinney
