

## **MEANS-TESTED BURSARY POLICY AND PROCEDURE**

### **General**

The Governors of Leicester High School for Girls (“LHS”) are committed to broadening access to the school by offering to eligible parents/guardians means-tested financial support towards the payment of school fees. Such support is known as a bursary and bursaries may be awarded in the form of a discount of up to 100% on tuition fees payable, depending on the financial, compassionate or other pertinent circumstances of applicants.

Bursary awards are subject to repeat testing of parental means each year and may be varied upwards or downwards, depending on parental circumstances and the financial information provided. Requests for financial support usually fall into two categories:

- New applicants to the school where a place has been offered but parents/guardians are unable to fully fund the tuition fees.
- Existing pupils where a change in parents'/guardians' circumstances has resulted in difficulty in meeting tuition fees and may result in the child being withdrawn part way through a stage of education.

### **New applicants to the School**

#### **Awareness**

Information provided by the school alerting the parents/guardians of potential pupils to the possibility of gaining means-tested financial support towards the payment of schools fees is included in:

- The school prospectus.
- The school website.
- The local press by means of advertisements.
- Upon request.

#### **The Application process**

Bursaries may be made available to parents/guardians of children entering Year 6 or above to LHS. (See the School's Admissions Policy). They are awarded at the discretion of the Governors, the Headmaster and Bursar who are responsible for the management and coordination of the process.

- **Step one** - parents/guardians seeking a bursary are required to complete a bursary application form to establish the financial circumstances of the household. The form, which requests details of income and capital, may be found at Annex A and must be accompanied by full supporting documentary evidence. The completed forms, together with the necessary documentary evidence, are to be submitted to the Bursar no later than the date stipulated on the form.

- **Step two** - the Bursar assesses all applications in order to establish the likely level of support which will be required in order to allow the child to attend the school. This may involve the Bursar, or their representative, visiting the parents'/guardians' home to ensure the information has been correctly interpreted and the basis of the financial assessment has been fair. A third party may also be used to assess applications at the School's discretion.
- **Step three** - the Bursar prepares a recommendation in accordance with the LHS confidential scale of awards which is considered with the Headmaster and a joint recommendation is then reached.
- **Step four** - the joint recommendation is presented to the Governors for approval.
- **Step five** - Parents/guardians are advised whether their child is to be offered a bursary.
- **Step six** - parents/guardians are then required to sign an Acceptance Form/Parent Contract accepting the place at the school and an acknowledgement agreeing to any conditions relating to the bursary. All information regarding bursaries is confidential.

### **The case for assistance**

The Headmaster and Bursar will consider a number of factors when making the judgement as to the justification for support and the extent of such support.

- **Pupil's suitability** - in assessing a child's suitability, attention will be given to the academic assessment result of each applicant but potential will also be considered as well as actual achievement. Bursary funds are limited and those judged most suitable will be given priority as those likely to gain most from the educational provision. Each pupil to whom support is offered must, in the opinion of the Headmaster, be likely to make sound academic progress following admission and possess the potential to develop the quality of her work and benefit from participation in the wider, extra-curricular activities on offer at the school. In normal circumstances, each applicant should meet the school's usual academic requirements. Previous school reports will be consulted for evidence of good behaviour and any specific educational needs.
- **Financial limitations** - Each case is assessed on its own merits and awards are made accordingly, subject to the school's ability to fund these within the context of what is viable, within the context of its overall budget. It is recognised that judgements about what sacrifices a family should make to pay school fees will be personal. However, the School has a duty to ensure that all bursary grants are assessed fairly, so, as well as current earnings, other factors which will be considered in determining the necessary level of grant will include:
  - The ability to improve the financial position or earning power of the family. For example, where there are two partners, both would be expected to be employed unless one is prevented from doing so through incapacity, the need to care for children under school age or other dependents or the requirements of their partner's work.
  - Opportunities to release any capital. Significant capital savings and investments would be expected to be used for the payment of school fees as would equity values in houses.
  - In cases of separation, the contribution made by the absent parent. The situation of both parents, will be assessed unless there is evidence that it would not be reasonable to do so.
  - Contribution to household costs by other, wider, family members, any adults unrelated to the child or by outside sources.
  - Where fees are being paid to other schools (or universities) the school's grant will take into account all these outgoings. However, the School would expect support to be provided from these schools as well.

- Acknowledging that others might have a different view, the school considers that the following would not be consistent with the receipt of a bursary:
  - ❖ frequent or expensive holidays;
  - ❖ new or luxury cars;
  - ❖ investment in significant home improvements;
  - ❖ a second property/land holdings.
- **Other factors** - it is recognised that, in addition to academic ability and financial constraints, there may be other circumstances which should be considered. These include:
  - Where a child has siblings at the school.
  - Where the social needs of the child are relevant (e.g: may be suffering from bullying at their present school).
  - Where a parent/guardian is terminally ill or is unable to secure permanent employment due to poor health.
  - Where a separation has resulted in the child having to be withdrawn from the school adding to the stress of coping with the parents/guardians separating.

### **Existing pupils - change in family circumstances**

Within overall budget funding, the school will in normal circumstances set aside each year a hardship fund, for cases of sudden, unforeseen need, or where applications meriting bursary assistance are received out of the normal calendar cycle for bursary submission, scrutiny and award. This sum will be set within budgetary constraints. Parents/guardians with a child at the school whose financial circumstances suddenly change may apply for a bursary to the Bursar, explaining their situation and using the forms at Annex A. Such awards are subject to the availability of funding and cannot be guaranteed.

### **Annual review**

All bursary awards are subject to repeat testing of parental means each year and may be varied upwards or downwards depending on parental circumstances. Current bursary holders will be issued with repeat means-testing forms in March each year, for return by the end of April. For those previously in receipt of bursaries, the Headmaster and Bursar, in making their joint recommendation to the Governors, have the discretion to recommend to the Governors the reduction or withdrawal of an award not only where a pupil's progress, attitude or behaviour has been unsatisfactory but also where the parents/guardians have failed to support the school, for example by the late payment of any contribution they are making to the fees, or if the account is in arrears.

Bursary funding may not continue if the annual bursary forms are not completed and returned, with the necessary documentation, by the requested date.

Bursary funding may be requested to be repaid when a parent/guardian has knowingly or recklessly provided false or inaccurate information about their financial position.

### **Confidentiality**

The school respects the confidentiality of bursary awards made to families and recipients are expected to do likewise.

## **Other sources of bursary assistance**

In addition to the school's bursary fund, there are a number of educational and charitable trusts which provide assistance with tuition fees. In the majority of cases, these are to assist children who are already attending a fee-paying school and due to a change of circumstances may be unable to remain. LHS encourages parents/guardians to apply for support where it is felt a good case can be made for assistance. Further information on how to pursue such assistance may be obtained from:
